## Quality of teaching and impact of healthy lifestyles

Through teacher observations, children are closely monitored to see the progress made in different areas of PE and school sport. The premium has enhanced the overall provision offered at Hursthead Infant School.

### The benefits of the premium are:

- children make good progress
- children focus on achieving their personal best
- children's self-esteem is enhanced
- children's confidence developed
- children are co-operative
- children are motivated to participate
- children are involved and engaged
- children understand the benefits of participating and the contribution of physical activity and sport to their overall development
- participation in team games
- development of social skills
- positive behaviour and sense of fair play is enhanced
- children are challenged individually through personal challenges
- children work competitively in pairs and small groups
- children are fully engaged during the physical education lessons and coaching activities
- all the children feel confident to try the new activities and participate fully during the sport sessions during curriculum time
- the coaches, teachers and teaching assistants have observed an increase in skills, cooperation, concentration and good team work
- the sporting activities have encouraged the children to engage in and enjoy these sports during playtimes and lunchtimes
- evidence of the development of leadership qualities
- the children are developing positive attitudes towards healthy, active lifestyles decision making
- school values and ethos are complemented by sporting values
- staff throughout the school make links across subjects and themes including PE
- to continually review the effective use of the funding and support identified areas of need, enhancing the overall provision
